

GRAPPA DI AMARONE

GRAPPA DI AMARONE

DESCRIPTION

Fine Amarone Grappa obtained from the distillation of the Amarone grape skins

DISTILLATION

Traditional low pressure system, with discontinuous cycle, to preserve aromas and perfumes

AGING

6 months in small oak barrels

CHARACTERISTICS

Color: tending towards golden-yellow
Aroma: intense, with hints of dried fruit, spices and vanilla
Taste: soft and elegant, with important notes of grapes left to dry

TASTING

Excellent as after-dinner drink, in a tulip shape glass at a temperature of 16 °C
